INTERNATIONAL CONFERENCE DEDICATED TO **INFECTIVE** **ENDOCARDITIS**

Building on past successful meetings, this international conference brings together world-renowned experts from North America and Europe for a full day dedicated to the latest advances in the diagnosis, treatment, prevention, and multidisciplinary management of infective endocarditis.

A unique opportunity to learn from leaders in the field, exchange ideas, expand professional networks, and stay up to date with the rapidly evolving landscape of infective endocarditis.

Tuesday, October 6, 2026
10:00 a.m. – 4:00 p.m. EST

DETAILS

The conference will feature internationally recognized clinicians and researchers delivering:

- State-of-the-art lectures
- Interactive panel discussions
- Clinical case presentations
- Question-and-answer sessions

Topics will include

- ✓ Advances in the diagnosis of infective endocarditis, including multimodality imaging and microbiological techniques
- ✓ Contemporary medical, surgical, and transcatheter treatment strategies
- ✓ Prevention of infective endocarditis and device-related infections
- ✓ Challenging clinical cases and multidisciplinary decision-making
- ✓ Opportunities for discussion and networking with internationally recognized experts

COST

Free. Registration is required.

LOCATION

Virtual event hosted on Microsoft Teams.

REGISTRATION REQUIRED

eventbrite.ca/e/infective-endocarditis-across-borders-tickets-1994279265969?aff=oddtcreator

INTENDED AUDIENCE

- Cardiologists
- Cardiac surgeons
- Infectious disease specialists
- Internists
- Emergency physicians
- Microbiologists
- Cardiac imaging specialists
- Nurses and allied health professionals
- Residents, fellows, and medical students
- Researchers with an interest in infective endocarditis
